GOOD APPOINTMENTS

MADE FOR THE CITY ELECTRIC LIGHT PLANT  
BY THE GAS TRUSTEES.

Mr. Albert Capps Superintendent, and Frank Dun-  
levy His Assistant—Important Committee  
Meetings Last Evening.

Councilman Albert Capps is entitled  
to the congratulations of his friends this  
morning.

He has received the appointment of  
Superintendent of the city electric light  
plant, and will enter upon the discharge  
of his duties in a short time, at first in  
the employ of the Fort Wayne Electric  
Light Company, during the period of  
forty days, during which that company,  
under its contract, must run the plant,  
and then will manage the concern for  
the city. The appointment was made  
by the Board of Gas Trustees, which  
body was given the control of the plant  
at the last session of Council, and it will  
be universally recognized a happy  
recognition of hard work done by the  
recipient for the city, not only in con-  
nection with electric light matters, but  
in his general business. Mr. Capps  
is already very thoroughly conversant  
with the plant, having worked upon the  
installation from the day the first pole  
was shaven up to the present, and al-  
most every detail of the pole line con-  
struction has been done under his ob-  
servation. He will follow the wires right  
into the power house, and in a short  
time will be as familiar with the appa-  
ratus and machinery there.

In addition to selecting Mr. Capps as  
Superintendent, the Board has installed  
Mr. Frank Dunlevy as Assistant. He  
is a very capable man. A fireman was  
also appointed in the person of Michael  
Maloney. The engineer has not yet  
been selected, nor have the lamp-trim-  
mers, whose appointments being deferred  
until another time. There are about  
one hundred and fifty applications in  
all before the Board for the various  
places to be filled.

THE INCANDESCENT PLANT.

The City's Valuation Will Be in the  
Neighborhood of \$25,000.

The REGISTER is able to announce  
this morning that the forthcoming re-  
port of the expert employed by the sub-  
committee of the Electric Light Com-  
mission to make an appraisal of the  
value of so much of the Wheel-  
ing Electrical Company's plant as  
is used for incandescent lighting, will  
fix the value of the property at  
about \$25,000. So far the total is about  
\$24,000, and there yet remains some  
items to be inserted in the schedule.  
The city's expert, Mr. John A. Seely—  
who, it is proper to say, furnished no  
part of this information, directly or in-  
directly—has been at work upon this ap-  
praisal at odd times for a good while  
back, and now has the work on the  
verge of completion. It is likely that  
his complete report will be presented to  
the Commission at an early day, and  
will go thence to Council for reference  
to the Finance Committee, which body  
will provide the ways and means nec-  
essary to make the purchase under the  
State law.

THE POLICE COMMITTEE.

The City Prison to be Inspected—Ap-  
pointments Confirmed.

The Council Committee on Police met  
last evening, and took up as the prin-  
cipal matter of business, the condition of  
the City Prison, attention being directed  
towards it by a communication from  
Chief McNichol, who made an inspec-  
tion of the building, as is required of  
him by the new ordinance.

The workhouse has been condemned  
by successive Committees of Council,  
and by Superintendents, for years past,  
and its horrors have been an old stand-  
by for the newspapers of the city for  
ten years. As long ago as 1882 the con-  
dition of the prison was a matter an-  
nounced through the press, and man-  
aged to draw the attention of the public  
to the fact that time reporters hard up  
for space-finders have dwelt upon the  
horrors of the interior of the building,  
and presented statistics of the probable  
number of active representatives of in-  
sect life therein contained. This being so,  
the assurance from the Chief, last even-  
ing, that the building was in danger of  
falling down, and that it was not a fit  
place to confine men, was accepted as  
strictly correct, and led to a discussion  
of the advisability of the appropriation  
of asking for an appropriation for a new  
building. The Committee felt, how-  
ever, they could discuss this point more  
intelligently after a visit to the prison,  
and next Wednesday at 4 o'clock p. m.  
was fixed upon as a time for a trip to  
the place. In his letter to the Com-  
mittee the Chief said the place was very  
clean, but was dangerous of the de-  
struction threatening to fall and mash  
the house.

The Chief also made a report as to  
the condition of the city lock-up, draw-  
ing attention to the fact that water ran  
into the room from without the walls  
on occasions of heavy rain. I was an-  
nounced that the Committee on Real  
Estate had asked for an appropriation  
to rectify this evil.

The appointments of Joseph Fahey  
and Albert Stump as regular police offi-  
cers, and John Reltz as extramural, were  
recommended to Council for confirma-  
tion.

The Chief's report for February was  
presented, and Lieut. Gaus, the scribe,  
was complimented upon his neat work.  
Fines aggregating \$2,102.95 were as-  
sessed, of which sum \$1,358 were actu-  
ally paid, by 155 defendants. Forty  
were committed, 22 suspended and 14  
dismissed.

Officer Deke presented a petition for  
forty-four days pay, saying he had re-  
ceived an injury to his arm while in the  
discharge of his duty. The matter was  
laid aside for investigation.

Bills aggregating \$46.90 were rec-  
ommended for payment.

The Superintendent of the City Prison  
submitted a report showing 9 prisoners  
February 1st, and 45 received during  
the month. The time of 14 expired and  
24 were released, leaving 16 in prison  
March 1st. City Prison bills aggregat-  
ing \$89.11 were passed.

Chairman Happy, Chief McNichol,  
the Superintendent of the Workhouse  
and the Clerk were appointed a com-  
mittee to prepare the annual estimates  
for the police department and the work-  
house.

THE CITY CEMETERY.

A Map of the Burial Ground to be Made.  
The Annual Estimate.

The Council Committee on Cemeteries  
met last night and asked for an approp-  
riation for 1892 of \$1,300, which is \$40  
less than last year. Among the items  
is one for an assistant Sexton during the  
five months beginning May 1st, and an-  
other of \$165 for a map of the cemetery,  
or prepared by the City Surveyor. This  
latter is something which is greatly  
needed.

Bills aggregating \$8 were ordered  
paid.

REAL ESTATE MARKET.

Deeds of Transfer Left for Record Yes-  
terday.

The following transfers of real estate  
were left for record at Clerk Hook's  
office:

Deed made March 4, 1892, by Mary  
Thomas and James, her husband, to  
Charles Masseaux, for a frame house on  
city property in Alley C. Considera-  
tion, \$625.

Deed made December 24, 1890, by  
John W. Shannon and wife to John T.  
Scott, for lots Nos. 133, 134 and 135, on  
D. Zane's addition, on the Island. Con-  
sideration, \$900.

Deed made March 3, 1892, by Charles  
Klein and others to Maggie P. Retz,  
for the west parts of lots No. 32 and  
33, in Klein and Stifel's addition. Con-  
sideration, \$175.

Deed made September 28, 1891, by  
Mrs. Elizabeth Powers to J. N. Way-  
man, of District W. Va. for part of lot  
No. 1, in square No. 8, in the Eighth  
ward. Consideration, \$200.

Deed made June 10, 1891, by the Stone  
Church Association to Ernest Gashill,  
for lot No. 11, in sec. A. Consideration,  
\$40.

GEO. R. TAYLOR will exhibit to-day  
an importer's samples of New Spring  
Wraps and Jackets manufactured by  
Pangaw, Sarah Meyer and other lead-  
ing Paris and Berlin designers. This is  
a rare opportunity to secure a beauti-  
ful garment without the probability of  
it being duplicated. A cordial invita-  
tion is extended to the ladies to call to-  
day and see them. whether they want  
to buy or not. There are about one  
hundred different styles. The exhibit  
will continue only during the day.

AN ARRAY OF TALENT.

Active Preparations For the Muhleman  
Benefit, March 15th.

The benefit in aid of Eugene Muhle-  
man, the injured fireman, promises to  
be one of the most pronounced successes  
of the season, and the Opera House on  
the 15th of March will likely be packed  
with people. It will be a most diversi-  
fied entertainment, and one that cannot  
fail to merit the attention of the audi-  
ence.

There will probably be some five  
dances of the Kermesse reproduced, in  
addition to which the Premier Banjo  
and Guitar Club will participate. Mr.  
Andrew Ray, the celebrated reader, will  
also likely take part, and among other  
talent secured is Messrs. R. V. Arkie,  
Chas. Zulauf, W. B. Day and Mrs. Flora  
Williams in vocal selections, Miss Anna  
Lang, the accomplished harpist, and  
Messrs. Loose and Miller, the acrobatic  
and Indian club artists. C. A. House  
will allow the management the use of a  
piano for the occasion, the Opera House  
orchestra also giving their services.  
Tickets will be kindly donated by the  
Messrs. Robertson.

A SERIOUS CHARGE.

Samuel Porter, Jr., Arrested for Procu-  
ring an Abortion.

On the ninth of September last, Wil-  
liam Imer swore out a warrant before  
Justice Arkie for William Porter, Jr.,  
who lives near Elm Grove, charging  
him with giving medicine to Mary  
Imer, to procure an abortion. Porter  
has succeeded in eluding the officer  
ever since, but yesterday he surren-  
dered himself in Squire Arkie's office,  
waived examination, and furnished  
bond for his appearance at the next  
term of Court.

STATE OF PENNSYLVANIA, ss:

Personally appeared to me, a Notary Public  
for the Commonwealth of Pennsylvania, resident at  
Pittsburg, in said County and State, appeared  
John T. Moss, who, being duly sworn according  
to law, deposes and says that he is the distiller  
in the John T. Moss Distillery, Westmoreland  
County, in the Twenty-third District, Penn-  
sylvania; that he has been engaged continually  
in the distillation of whiskey since 1886 and that  
the Business Rye Whiskey distilled by him  
for Max Klein, of Allegheny City, Pa., is  
a pure copper-distilled and absolutely pure rye  
and barley malt.  
Sworn and subscribed to November 6th, A. D.

THE COUNTY REALTY.

THE ASSESSMENT OF MR. TERRILL REPORTED  
YESTERDAY.

A Heavy Falling Off in the Agricultural Districts.  
The Net Gains in the County Nearly a Million  
and a Half—The Figures in Detail.

Mr. C. S. Terrill, appointed to make  
the valuation of the real estate of the  
Second assessment district of Ohio county,  
which includes the four districts of  
Liberty, Ritchie, Richland and Triadel-  
phia, yesterday turned his books over to  
County Clerk Hook. The total value  
of the realty of his district is \$4,053,010,  
an increase of \$109,750. This, added to  
the increase of \$1,376,430 returned by  
Mr. Phillips, for the first district, makes  
a total increase for the county of  
\$1,486,180.

The figures returned by Mr. Terrill  
are very significant in this: that they  
show a heavy falling off in values of  
realty in the purely agricultural re-  
gions of the county. His increase  
comes entirely from the city district of  
Ritchie, and the region along the Na-  
tional road, in Triadelphia district,  
where many fine residences, built by  
city people, are going up, and where  
the value of land—not used for agricul-  
tural purposes—has very largely in-  
creased of recent years. This increase  
in Triadelphia is represented by \$93,-  
875, and is the only in-  
crease in all that part  
of Ohio county, representing an area of  
65,000 acres, lying outside the city of  
Wheeling. In the agricultural district  
of Liberty, the shrinkage is \$110,180,  
and in the agricultural district of Rich-  
land it is \$35,800, or a total of \$205,070  
in those two districts. These districts  
have an area of 38,052 acres, and the de-  
creased valuation is thus about \$5.25  
per acre. Thousands of acres in the  
farming section of Triadelphia fall off  
in the same way, and were it not for  
the heavy increase in the value of resi-  
dence and prospective residence property  
along the pike, the total for that dis-  
trict would show the same decrease as  
in Richland and Liberty. These figures  
are not particularly encouraging to the  
farming population of Ohio county.

In the city, Ritchie district shows an  
increase of \$221,925, and this added to  
the increase of \$1,376,430 in the city  
districts of Washington, Madison, Clay,  
Union, Centre and Webster, as returned  
by Assessor Phillips, shows a total in-  
crease for the city of Wheeling of  
\$1,598,355, and a net gain for the whole  
county of \$1,486,180, as stated at the  
outset.

The figures in detail for the second  
district are as follows:

Districts and Land.	Buildings.	Land.	Total.
Liberty, \$ 583,180	\$ 23,875	\$ 1,108,180	\$1,715,235
Triadelphia, 1,219,065	24,800	1,242,905	\$2,486,770
Richland, 587,730	70,730	2,004,000	\$2,652,460
Ritchie, 150,460	1,377,415	1,487,905	\$3,015,780
Totals, \$2,698,435	\$1,384,675	\$4,053,010	\$10,036,120

The assessment of the city districts is  
as follows:

Districts.	Buildings.	Land.	Total.
Washington, \$ 83,840	\$ 1,108,180	2,304,200	\$3,496,220
Madison, 1,380,800	2,304,200	3,004,100	\$6,689,100
Clay, 1,829,500	2,004,000	2,004,000	\$5,837,500
Union, 816,400	1,108,180	1,108,180	\$3,032,760
Centre, 1,242,905	1,384,675	1,384,675	\$4,012,255
Webster, 1,384,675	1,384,675	1,384,675	\$4,154,025
Totals, \$7,521,500	\$11,006,900	\$11,006,900	\$29,535,300

This makes the total realty in the  
county \$15,659,910.

Last Excursion to Washington via B. & O.  
R. R.

On Thursday, March 10th, the B. & O.  
R. R. will run the last of the series of  
excursions to Washington which have  
become so popular during the winter.  
This excursion will in no wise differ  
from those which have preceded, and  
to the hundreds who have enjoyed them.  
There will be the same low rate and the  
same unexcelled train service of passen-  
ger coaches and Pullman parlor or  
sleeping cars heretofore provided.

Washington is more attractive in  
March, if possible, than during any  
other month of the year. It is then  
that the first signs of spring appear in  
the public squares and parks. Congress  
is in session. The public building, the  
art galleries and the museums are open  
to visitors free of charge.

Tickets from Pittsburg, Wheeling,  
and intermediate points to Martinsburg  
are valid to Baltimore, and as they are  
good for ten days ample time is af-  
forded for side trips to Mr. Vernon, Old  
Point Comfort, and other adjacent  
points. Tickets valid on all trains,  
whether limited, express or local, going  
and returning.

Trains leave Wheeling at 6:10 a. m.,  
and 6:10 p. m., and for these two trains  
only will tickets be sold. Pullman  
sleeping cars on evening train. Round  
trip rate \$10.00. Corresponding low  
rates from other stations.

Advertisers might get an eye-opener  
about the circulation of newspapers by  
doing a little detective work on the quiet.  
A word to the wise is sufficient.
